HARDWARE SUPPLY

Fast hardware supply from a number of suppliers...

Do you need control system/computer hardware quickly? Are you struggling to source discontinued or old parts? Whatever your requirements, we can help!

Our hardware supply services

We can provide all kinds of control system/computer hardware from a variety of suppliers to worldwide destinations. Whether you need new control system hardware or need help finding legacy parts/equipment, we can assist. We use a variety of reliable market-leading suppliers for all our control system/computer hardware. Some of the equipment we can provide is below (the list is not exhaustive though so if you need something that isn't on the list, let us know):

1. PLC CPUs, PSUs, communications cards etc.
2. HMIs and associated equipment.
3. SCADA systems.
4. Interface cards, I/O cards, power cards.
5. Industrial printers and scanners.
6. PCs, servers, monitors, peripherals.
7. Cables.
